

PRESIDENT: Senator Warner.

SENATOR WARNER: Mr. President, I move adoption of the committee amendments. What the bill is about is the when you buy a car from a private individual, there is no at least under the current law, there is no a...a...the in-transit licenses, it is not perscribed. What this...what the committee amendment does, the current law gave them 15 days, and the bill is introduced to allow five and the committee amendment made it 10 days a that an individual had to acquire his proper registration and then the bill itself, merely would set up a procedure then that the department of motor vehicles would and could furnish through county clerk offices the appropriate intransit license when these cars are purchased and it was requested that the police officers association could under current law have a problem of really determining when the sale took place and how long the car might have been driven on intransit plates and lets hope that this will clear it up. I move the adoption of the committee amendment which deals only with striking 5 days when the bill was introduced instead of 10 which is the time period of getting new plates.

PRESIDENT: Any further discussion of the committee amendments? Senator Simpson did you want to be heard on the committee amendments? Anybody to discuss the committee amendments. Alright the question is do you want to adopt the committee amendments, if you do say aye, opposed say no. Ayes have it so ordered. The committee amendments are adopted.

CLERK: Read Warner motion.

SENATOR WARNER: Mr. President, I guess that I miss-spoke a while ago, I said county clerk and I should have said county treasurer. The Department of Motor Vehicles felt that they needed that language so that there was no question of what they could supply the appropriate certificate to the county and there would be uniformity. I move for its adoption Mr. President.

PRESIDENT: Any further discussion of the amendment? Senator Simpson? Alright any further discussion? The question is do you want to adopt the Warner amendment? If you do say aye, those opposed say no. Amendment is adopted. Are there other amendments now to the bill.

CLERK: None.

PRESIDENT: Very good, SENator Warner, back to you.

SENATOR WARNER: Mr. President, I would move LB876 be advanced and again the purpose as I explained is to permit intransit license to be available through the county treasurers office where purchases of automobiles are between individuals and the bill is brought to me by the police officers association they thought that they had problems of proper identification in the current laws.

PRESIDENT: Senator Simpson.

SENATOR SIMPSON: I wonder if Senator Warner would yield to a question.

SENATOR WARNER: Yes.
